

Pursuing the Promise

Verse 1

You keep Your Word You keep Your promise
Now we hold fast to all You say
Be strong and courageous
I'm right by your side He's right by our side

Verse 2

Now we remember He's been with us
Our God has always made a way
The seas You have parted
The walls You've torn down
You're still tearing them down

Chorus 1

We're pursuing the promises our God has made
Facing the battle we won't be afraid
God is with us God is with us

Verse 3

You sent the One Who goes before us
What once was veiled has now been raised
Whatever surrounds us
Your word is the light
The Word is alive

Chorus 2

We're pursuing the promises our God has made
Facing the battle we won't be afraid
God is with us God is with us
When the odds are against us we won't be tamed
He's faithful forever to the end of the age
God is with us God is with us

Bridge

You have split the seas of judgement
Now You lead us by Your grace
The power that tore down the walls
Come tear down the walls we have made

Chorus 3

We're pursuing the promises our God has made
Facing the battle we won't be afraid
God is with us God is with us
When the odds are against us we won't be tamed
He's faithful forever to the end of the age
God is with us God is with us
